Girl Scouting at Home Patch Program Instructions

What is it that you like to do? What will you create or prepare? Will you try something new and share it too?

Join Girl Scouts from all over Nassau County in earning a patch to commemorate our new Girl Scouting at Home program!

Girl Scouts can earn their patch by completing five tasks for each of the seven categories listed along the outer rim of the patch by June 30, 2020.

Suggested activities are available on our website and on the OLC. Activities are added frequently, so keep checking in! Girls are encouraged to take the lead by finding and creating activities that fit. Activities should be at least 30 minutes in duration, supervised by an adult, and in accordance with CDC regulations. Print the Girl Scouting at Home Activity Log to keep track of each of your accomplishments. Keep it in a safe place as you will need it to claim your patch.

Here are some activity ideas:

Create it! Create a new piece of artwork, a secret code, or a scavenger hunt for others.

Read it! Pick up a new or old book, or read something online that interests you.

Find it! Complete a scavenger hunt, a word search, an I Spy, or clean your room to find what you've been missing!

Do it! Exercise. Use online videos to learn to stretch or do yoga. Walk, jump rope, or kick a soccer ball around in the yard.

Prepare it! Make cookies, cook dinner, or prepare for the future by completing school work.

Try it! Try something that is new to you. Have you ever tried painting with only a fork or learned to code? The internet is a great source for simple, how-to lessons.

Share it! Share your thoughts, a joke, or what you are doing to earn the patch with family and friends.

We'd love to hear from you too! Send pictures and a short description with your full name and troop number or Juliette status to GSNC at **marketing@gsnc.org**. To see what your sister Girl Scouts are doing, visit the OLC!

Patches will be available when we begin celebrating summer. Stay tuned for the exact date!
