

Mags&Munchies Fall Product Program Social Media Toolkit 2024

Ready to step into the
2024 Mags&Munchies Fall
product program season?

Are you looking for new ways to reach your goals this year? Did you know Girl Scouts who share their digital storefronts on social media can sell 50% more product than those who sell with the order card alone? This Social Media Toolkit is packed with images, sample posts, and more. Remember, excitement about Mags&Munchies creates great expectations for your customers. We hope this resource provides great support for your Girl Scouts, develops their business skills, and promotes their hard work.

Don't forget to take pictures of your Girl Scouts in action! Share your pictures and tag us on Facebook (@GirlScoutsofNassauCounty), Instagram (@girlscoutsnassaucounty), or send them to us at marketing@gsnc.org.

Important note: Girl Scouts may only advertise their individual Mags&Munchies Program online store link on personal social media pages. Community, marketplace, business, and neighborhood type sites are not permitted to promote individual Girl Scout sales. Sites with the direct purpose of selling items (such as marketplace, Craig's List, yard sale-type sites) are not permitted.

IMPORTANT DATES TO KNOW WHEN POSTING:

- Mags&Munchies online registration and all order taking begins: **September 27**
- Mags&Munchies online and in-person order taking ends: **November 3**

Social Media Posts

Are you ready to spread the word about the Mags & Munchies Program? Help your followers on social media learn about the yummy treats, magazines, and BarkBox that are available—also remind them exactly how your Girl Scout and her troop benefit from the program.

***Parent/Caregiver Tip:** When sharing links to their online store, make sure social accounts are set to “private” to ensure your Girl Scout’s safety. Experiment by writing and testing your own! Don’t forget to share the link to your Girl Scout’s store.
